SUMMARY

I am interested in website development and spend my free time studying it. I started to pay more attention and study by experimenting with making websites and learning from teaching media. I can work as part of a team, enjoy learning new things, and can develop skills to suit the organization.

WORK EXPERIENCE

Full Stack - Freelance   **Apr 2024 - Present**

- Developed an e-commerce platform, enabling online sales, inventory management, and customer support.
- Implemented user authentication and authorization using JWT.
- Integrated payment gateways such as Stripe.
- Designed and implemented RESTful APIs for product and order management.

Customer Services Officer   **May 2020 - Apr 2024**

- Record income and expenses to pay personal income tax at the middle of the year, at the end of the year, and sign tax documents.
- Provide customer service according to customer satisfaction

TRAINING AND CERTIFICATION
